Supernovae in the Local Universe: Celebrating 10,000 days of Supernova 1987A

2:30pm **Option 3: Muttonbird Island Walk/CBD Visit** **** There is an additional cost for this activity**

Muttonbird Island, also known as Giidany Miirlarl, is a precious seabird rookery in Coffs Harbour's heart. It boasts spectacular views from coast to islands.

Muttonbird Island is a great spot for watching birds up close; it's one of the only easily-accessible places in NSW where the migratory wedge-tailed shearwater nests. It is also an important Aboriginal place, harbouring stories of the Dreaming and a wealth of traditional resources.

It's a great place to take a short walk, and the unforgettable views will be well worth your effort. The best way to find out more about the Aboriginal stories of Muttonbird is on an award-winning guided Discovery tour conducted by local Gumbaynggirr rangers.

There will also be time to visit the city centre for some shopping and exploring.

Supernovae in the Local Universe: Celebrating 10,000 days of Supernova 1987A
